

StreamLine™ Center Channel 2400

Home Theater Has a New Voice: Introducing the Elegant, High Performance Center Channel Speaker

Looks as amazing as it sounds.

The StreamLine Center Channel Speaker 2400 combines stylish looks with amazing performance—perfect for movies, multi-channel music, for audio, video gaming and more. Deep gloss piano black grills compliment virtually any décor, or select deep or light cherry grill options to pamper your design sensibilities.

Beauty and performance run in the family.

Featuring the same exclusive technologies found in Centra StreamLine Tower and Surround sound systems, you get the best of both worlds: Stunning presentation and precise, dynamic movie and music audio—especially vocals. Centra StreamLine Sound Systems also provide the sonic precision that today's DVD-Audio, SACD, DTS® and Dolby Digital® audio formats demand.

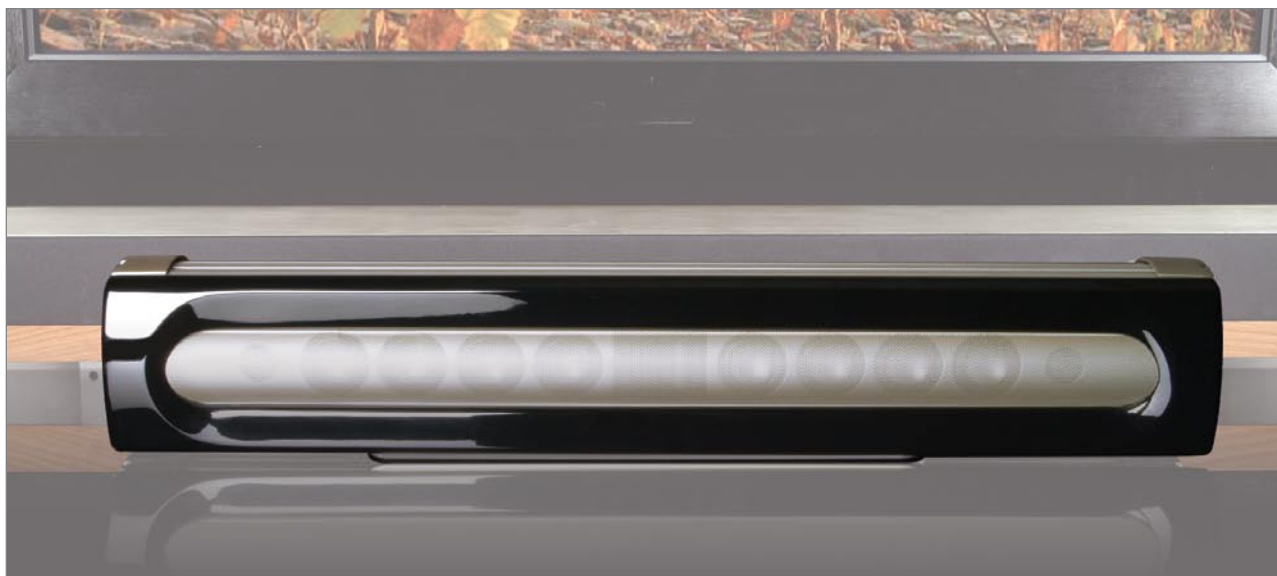

Centra StreamLine gives you more.

Neodymium magnet structures, dual radius half-roll surrounds, and a large diaphragm-to-magnet clearance give you dynamic, powerful audio. The single wide-dispersion *AudioFocus™* line-source tweeter produces crisp highs for crystal-clear sound and pinpoint imaging.

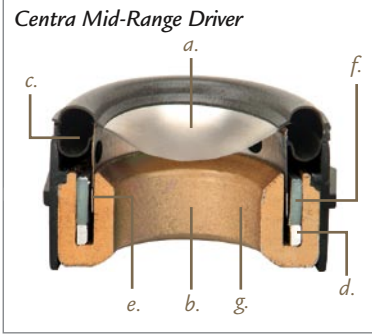

*Beautiful presentation. Seamless design.
Powerful performance. Centra by M·Design.*

Three models, 9 total, of high-resolution drivers faithfully reproduce ultra-realistic movie dialogue while delivering crystal-clear multi-channel audio.

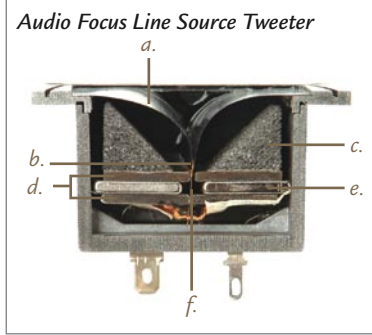

Patented Centra Speaker Technology

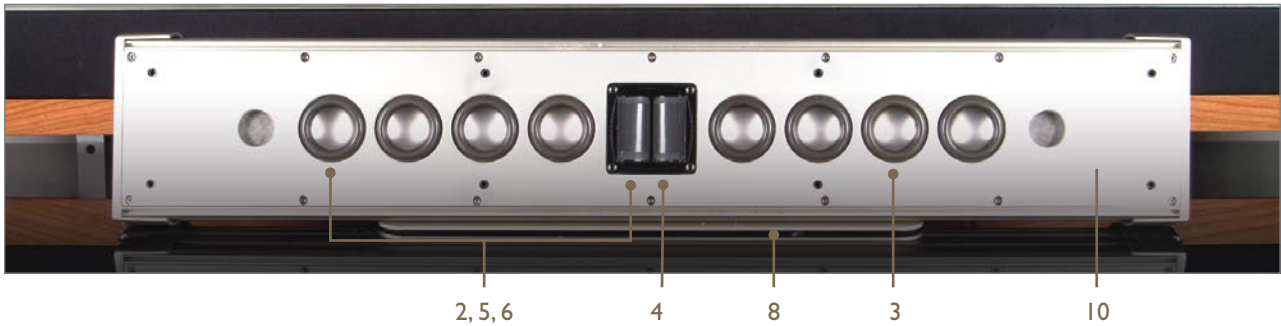

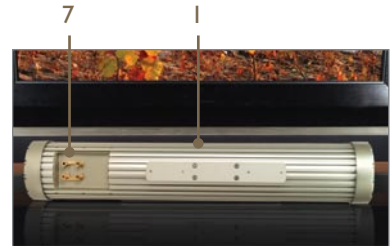

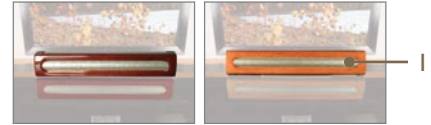

2-Inch Centra Mid-Range Driver:

- a. Inverted titanium diaphragm
- b. High-excursion design
- c. Long-throw, oversized, balanced suspension
- d. Distortion shorting ring
- e. Low-mass voice coil
- f. Radial neodymium magnet
- g. Extra large air vent

2-inch Audio Focus™ Line Source Tweeter:

- a. Ultra-light silk diaphragm
- b. Patented line-source drive for wide dispersion
- c. Foam damping material
- d. Dual magnetic air gaps for high-efficiency
- e. High-energy neodymium magnets
- f. Patented low-inductance, flat voice coil

Features:

- 1 Center Channel 2400 speaker features the stylish look of anodized aluminum with the warmth of hardwood or high-gloss piano black accents
- 2 Line array of patented technology drivers means not one single driver has to be worked, resulting in ultra-fast response with ultra-low distortion for today's movies, music and video games
- 3 8 qty. 2" *Centra Mid-Range* drivers feature titanium inverted domes and offer high-performance responsiveness
- 4 1 qty. *AudioFocus™* Line-Source Tweeter gives you a wide dispersion audio field for great sound anywhere in the room
- 5 *Centra Mid-Range* and *Audio Focus* drivers feature patented neodymium magnet structures, and also feature dual radius half-roll surrounds, and a large diaphragm-to-magnet clearance
- 6 Drivers are magnetically shielded for maximum performance around video equipment
- 7 Bi-wire-ready 24k gold-contact binding posts with jumper straps included
- 8 Aluminum tabletop pedestal mount allows full range of adjustment
- 9 Stylish design matches StreamLine Tower and Surround Speakers, M·Bass 1000 Subwoofers, Centra Audio/Video Consoles and other M·Design products
- 10 Internally wired with frequency specific Monster Cable®

Specifications:

- Model:** MD CEN SLC 2400
Dimensions: 30.5" W x 5.5" H x 4.75" D
Weight: Approximately 14 pounds
